JUNIOR HIGH WILL GET IMPROVEMENT IF PLEA GRANTED

CWA Asked to Appropriate $5000 For Use on Grounds and Building

PIPE LINE IS PLANNED

Sowing of Grass May Follow If Money Is Granted For Local Work

Sum of $5760.92 will be expended jointly by the federal government and the Upland school district in levelling the junior high school grounds, laying of water pipes and water proofing of the school building, if the state Civil Works Administration approves the request of the local district for unemployment relief funds.

Harold W. Cook, junior high principal, announced the filing of the application for funds, explaining the "county committee of nine" had already "oked" the request. The application, with the committee approval, has been sent to San Francisco, where it is hoped the state CWA group will give the final sanction for the work.

The school district would be required to pay only $454.50 for its share of the proposed cost of the improvements, with the CWA fund scheduled to furnish the remainder. Of the total cost, $4,008 would be paid for labor.

The grounds, in general, have received little attention and in the proposed improvement, the school campus would be levelled, preparatory to the likely sowing of devil grass seed on part of the area.

Water pipes would be placed around the football field for use in irrigating the proposed turf.

Exterior of the building would be made water proof through application of materials, Mr. Cook explained in telling of the features included in the request for funds.

Eighteenth Street Children Present Christmas Program

The Christmas entertainment given Friday night by the Eighteenth street school under the auspices of the Parent-Teacher association, drew a surprisingly large attendance, notwithstanding the rain.

There was a beautifully decorated Christmas tree with well-filled bags of candy and a gift for the younger children, a total of 75 of the bags being distributed.

The children, directed by the teachers, Miss Florence Armstrong and Miss Isabelle Walker, presented a Christmas playlet and Dr. I. A. Engle, pastor of the Methodist church, made an inspiring talk on "The Other Wise Man," his address being illustrated with motion pictures. Special Christmas music was provided by Mrs. Ralph J. Wilson.

City Gets $39,000 Project

Mrs. Schmitt Meets Cousin First Time in Over 60 Years

It is not often that relatives have the opportunity of meeting after a separation of 60 years, but that was the unique experience enjoyed Sunday by Mrs. D. C. Schmitt of 885 Campus avenue, when her cousins, Mr. and Mrs. Lehman of Polk county, Iowa, made a surprise visit with Mr. and Mrs. Schmitt.

Sixty years ago Mrs. Schmitt and Mrs. Lehman, then very small girls, met at the home of their grandparents, in Missouri. Since that time the two had not met until Sunday.

Mr. and Mrs. Lehman are visiting in Compton with their son-in-law and daughter, Mr. and Mrs. Lowe, who, with their small daughter, accompanied them to Upland Sunday.

Plans are being made for a family gathering to be held during the visit of the Lehmans when there will be more time for reminiscences and family news.

Work is today underway on local improvement projects that will require the expenditure here of $39,000 the state director of the Civil Works Administration having authorized the local work as part of the nation-wide unemployment relief program.

This project is in addition to the water conservation and flood control projects now underway in San Antonio and Cucamonga canyons.

Eighty local men are working today on the new projects and at least this number will be at work until Feb. 15, each working 30 hours a week.

To bring more immediate and direct improvement to the city proper the local projects were planned in past weeks. Richard G. Manley, city service manager, went to San Francisco Thursday night. Before he left on Friday, he had the signature of the proper officials and actual work began yesterday.

As the work progresses, further details will be given of the project, but for the present, Mr. Manley preferred to "let the work speak for itself rather than talking about it."

Immediate start of the work is looked upon as an accomplishment for the city, both in the direct results through the steady employment of local laborers and in the benefits that will come in the future.

All but $2700 of the $39,000 is being provided by the federal government. The city water department is being obligated for the $2700 investment.

HENRY HARMS IN PURCHASING JOB

County Organization of CWA Appoints Uplander to Aid in Program

Henry Harms is today assistant purchasing agent for the county organization of the Civil Works Administration as the result of an appointment at the meeting of the county group yesterday. He is a member of the county grand jury, now in session, having formerly been a purchasing agent at the Hotpoint factory in Ontario.

The appointment is for an indefinite period, to continue as long as the federal unemployment relief program is underway.

Mr. Harms fills the position left vacant by the resignation of F. E. Chambers of Victorville. In this capacity, he will have the responsibility of obtaining supplies for the extensive unemployment relief projcts.

'Necessity of having a "contact" man between the state office of the CWA and the county organization was pointed out at the meeting, with some definite action expected this week.

Robert Jenison Is Said to Be Dying in San Bernardino

Robert Jenison, who was returned to the hospital in San Bernardino Saturday after having recently recovered from an attack of typhoid fever, is today lying at the point of death, the victim of tubercular meningitis.

The attending physicians hold no hope for his recovery, his death being only a matter of time. The young man, prominent in church circles and a Chaffey high school student, made a valiant fight in conquering the attack of typhoid and had but recently returned to school. He is the son of Mr. and Mrs. Lewis Jenison of 668 Second avenue.

An invitation was issued to all members of the church and others who are interested in instrumental music to attend. In addition to the active members of the orchestra, former members are invited, with more than 100 persons expected to unite for the occasion. A special invitation has been given to parents of the orchestra members to attend. An hour's program of orchestral and other music has been scheduled.

Those assisting Mr. Hall in the preparations are Harold Freeman, president; Robert Jenison, secretary and treasurer; Charles Winters and Billy Paulin, social secretaries, and Miss Esther Anderson, program chairman.

Polls Open Till 7 With Voters Urged to Ballot on Bonds

Vote today.

The polls on the $170,000,000 Central Valley water project election will be open until 7 p. m.

At cost of thousands of dollars, the election is being held today throughout the state, with voters in the Upland district asked to express their views on the project. It is the recognized duty of all registered voters to report to the polls.

Voters in precincts one, two, three and four may vote in the Upland police station and in five, six, seven, eight and nine in the Upland Woman's clubhouse. San Antonio Heights residents are voting in the J. P. Thompson store.

Indications this afternoon were that many Uplanders were responding to the opportunity to vote on the water project, much interest having been created in the issue during the last few days of the campaign.

ROTARIANS HEAR CHRISTMAS PLAY

Business and Professional Women's Club Present Timely Acts Today

Upland Rotarians and their guests were given a real treat today at the Sycamore Inn, when members of the Upland Business and were generous enough to pass presented a Christmas play with a wonderful and touching lesson, entitled "Mimi Lights the Candle." Dr. R. C. Stone was program chairman.

The Business and Professional Women had given the play at their meeting about a week ago and were generous nough to pass along the wonderful lesson by special request. The leading character of Mimi was portrayed in an unusually touching and capable manner by Miss Vivian McCarty, with Mrs. Maud Linsley giving a perfect delineation of the aunt, whose heart was finally touched by the sweet character of Mimi and brought happiness to a needy family and members of her own household at Christmas time.

Every character was faultlessly given, the other parts of the sweet story being acted by Mrs. E. Tweed Stone, Miss Peggy Marti, Mrs. Rose Burwell, Miss Luella Whitney, Miss Lois Kent, Miss Florence Armstrong and Miss Esther Anderson.

Preceding the play Miss Mary Hall, violinist, and Miss Maxine Kellar, pianist, two capable Chaffey junior college students, played a duet, followed by a piano duet by the two.

Archie Moore, who has been on leave of absence from the club for several months, was heartily welcomed back today and sang "Old Man River" in the same manner which has brought the request at many previous meetings.

Fines today, which amounted to a generous sum, will go into the crippled children's fund of the club, one of the major projects of local Rotary activities.

Mr. and Mrs. D. C. Sutton and Miss Josephine Sutton entertained several guests at dinner Sunday at their home on Mountain avenue. The guests were M. C. Sutton and son, Edwin, of Van Nuys; Mr. and Mrs. R. R. Sutton of Pasadena, Mr. and Mrs. W. H. Sutton of Laguna Beach, and Mr. and Mrs. F. B. Rankin and Miss Odessa Rankin of Los Angeles.

Lehman Resigns As Upland Policeman

Carmen S. Lehman resigned as a member of the Upland police department last night, with Chief of Police J. F. Sawyer today facing the task of appointing a successor to one of the most active officers in the county.

Few policemen experience such a varied field of operations as has Mr. Lehman during his several years' membership with the local department. He has served primarily as traffic officer, but his duties have also taken him into the field of the detective.

Rescuing two boys from a runaway-truck, speeding down Euclid avenue, being locked in jail by a desperate criminal as the officer was returning him to a cell and being the target of burglars' gun shots are some of the experiences that have linked his name with daring and unusual cases.

Mr. Lehman's plans for the future are reported to be indefinite.

HALF OF TAX BILLS PAID BY UPLANDERS

County Property Owners Pay 47.4 Percent of What Is Due

Uplanders have paid nearly half of their tax bill to the county, if the average throughout the county as a whole also applies to Upland, according to a report today.

Taxpayers throughout the county have paid $1,470,119 or 47.4 per cent of the amount due.

Second half of the tax bill will be due Jan. 20 and at that time virtually every cent due in taxes is expected to be paid.

HOLIDAY BASKETS NEARLY FULL WITH MORE CASH NEEDED

Junior Welfare League Uniting Efforts to Make Everyone Happy

APPEAL MADE FOR CASH

Grocery Stores Providing Opportunities for Public to Help

Every family in the Upland district will have a plentiful Christmas, from the standpoint of food and other necessities—

IF more money, food and clothing are donated.

The Upland Junior Welfare League, with headquarters in the former Robert Klindt grocery store, is efficiently and earnestly fulfilling the task of supplying the financial unfortunates with necessities.

To bring happiness and food to everyone, however, more donations are needed. So the appeal is being stressed today in an effort to complete the distribution work late this week.

In each of the grocery stores here are baskets ready to receive donations. Canned goods, other food and the like, may be placed in the baskets or taken direct to the league headquarters.

Money will be especially acceptable due to the freedom of purchases this would give those in charge. Always certain things are needed, but these are not always donated in sufficient quantity.

Response from the general public so far has met with the hearty appreciation of the relief workers, but additional money and other contributions are desired.

W. C. T. U. Members Asked to Deliver Contributions Early

Holding a very interesting all-day meeting, members of the Upland W. C. T. U. were guests on Friday of Mrs. J. W. Bryden, 268 G. street.

The business meeting was held in the morning with Miss Flora Morley presiding in the absence of the president, Mrs. Fred Hoppe. In addition to the routine matters, devotional service was conducted by Mrs. L. C. Wilhoito and Mrs. J. H. Freeman spoke of the better motion picture movement and of the work of the Loyal Temperance Legion.

Attention was called to a letter received from the Junior Welfare League, which is in charge of supplying the Christmas baskets, asking cooperation from the W. C. T. U.

This phase of local welfare work was given hearty approval and all members of the union are requested to take their donations of cash, canned vegetables and fruits, staple groceries, clothing and toys to the home of Mrs. Jay Rogers by Wednesday, December 20. Mrs. Rogers will deliver the entire collection to the League headquarters where the baskets will be made up.

At the noon hour a contributed dish luncheon was served and a social time enjoyed.

During the afternoon session the Rev. Fred Smith, pastor of the Nazarene church, made an interesting talk on "Evangelizing the World" and Mrs. James Merchant and her daughter-in-law, Mrs. Harold Merchant, sang one verse each of a number of hymns, demonstrating the songs most suitable for various occasions. In response to a special request they also sang a beautiful duet.

Spouting of Volcano Recalls Early Days for "Squire" Burt

Always active in civic and community affairs in Upland during his long residence here, A. W. "Squire" Burt has vivid recollections of his four years in Hilo, Hawaii.

His memory was stirred to the days of 1883 and following, by the appearance in the Los Angeles Times Sunday of rotagravure pictures of the volcano that intermittently spouts. On Mauna Loa, one of the two highest mountains on the Hilo island, Mokuaweoweo crater is today sending forth its river of lava just as it did in the early eighties.

The lava flow stopped just three miles from Hilo after man had sought to do his part, physically and spiritually, to save the community, he recounted.

As superintendent of the Hilo boarding school, Mr. Burt for four years learned to know the Hawaiians and became a close student of the wierd formation that frequently sends scalding hot lava over the island.

It is these memories, the memories of his years in Upland and the association of friends that bring happiness today to the man, who is convalescing from a recent operation and resting up for another. Recent weeks have greatly improved his strength and it is expected he will be a patient at San Antonio Community hospital soon for another operation that will aid his recovery.

His home, overlooking the San Antonio Heights park, gives a wonderful view of the entire citrus valley and one of his greatest enjoyments comes in looking over the community he helped to build.

He was the leading figure in giving to this community its first light and power system. With the beginning of Upland, Mr. Burt came here as an attorney and leader. San Antonio canyon provided opportunities for the generation of electricity and for years he was the manager of the concern that gave Uplanders light in their homes.

Later he became more actively engaged in the practice of law and for many years he was the chief legal advisor for Uplanders. With the passing of years, he has sought a less active life.

Faithfully supporting anything he attempted, Mr. Burt is intimately known to members of the Upland Lions club for his regular attendance and active interest. Until his recent illness he had never failed to attend a meeting or to "make-up" a meeting of the club since he became a charter member of the local organization.

Uplanders in general are looking to the time when Mr. Burt will again be able to resume a more active participation in the business and social life of the community.

23 ACRE PROPERTY SOLD BY UPLANDER

J. H. Freeman Disposes of East Arrow Highway Ranch to Ira Hull, Pomona

What is known as the Eugene Ceriat ranch, just east of Upland on Arrow highway, has been sold by J. H. Freeman, who has owned the property the past year or two, to Ira J. Hull of Pomona. The sale was made by J. L. Messenger of the Empire Realty and Mortgage Co.

This is an excellent property, consisting of 23 acres, on which is a practically new elegant seven room home. Ten acres of the land is in oranges, the balance being planted to grapes, avocados and plums, and Mr. Hull expects to interset the grapes and plums with lemons this winter. He and Mrs. Hull and their grown son will move onto this ranch and make their home.

Mr. Hull is an experienced lemon grower, having two good groves in the Claremont district.

DRAMAS PRESENTED AS CHOIR BENEFIT

Testament Players Appear in Fellowship Hall in Unique Dramas

Separated in time by 2000 years and contrasting sharply in movement, manners and costumes, yet closely linked by the eternal quest of man for his God, the two complementing dramas, "In the Stillness of the Night" and "Building," as presented Friday evening by the Testament Players of Hollywood in Fellowship hall in the Methodist church, made a profound impression upon the audience that greeted the Players in their third appearance in Upland.

The two one-act dramas were written and produced by Theron Orr, former Upland resident, who also played the leading roles. He was ably supported by Miss Opal Cotton, whose grace and beauty at once won her audience. Mr. Orr also is a very presentable young actor, possessing an easy, natural, stage personality. Both he and Miss Cotton are very convincing in characterization and have the ability to express deep soul emotion without dramatic physical action.

This talent is especially needed in the two dramas presented Friday night, because they are essentially dramas of the soul, dealing with deep thought and heart yearnings for the guidance and protection of divine love, true faith and sustaining hope.

The first play, "The Stillness of the Night," is cast in Bethlehem in the home of a young Jew and his wife on the night of the Nativity.

The second drama takes place in an American city in the 1933 home of a young architect and his wife.

The beauty of a true abiding faith and a courageous hope, so carefully established in the first drama, finds equally beautiful expression in the inspiring philosophy of the modern young architect and his wife as they prepare for their children's Christmas. These young builders of beautiful structures and beautiful characters, have sensed the great truth that it is the divine spark within one's soul awakening to the beauty of its kinship with the divinity of the eternal God that causes one to recognize beauty in all created things. Such is the theme of the two plays.

The Testament Players appeared under the auspices of the Methodist choir, of which Mrs. M. H. Bailey is president, and between the dramas several members of the choir sang a number of beautiful selections, including Christmas carols. A silver offering was taken for the benefit of the choir's pipe organ fund.

SON BEATS FATHER IN FAMILY AFFAIR

Altercation in Dr. F. M. Taylor Family Results in Casualty to Father

A fued which has existed in the Dr. F. M. Taylor family for some time "came to a head" Saturday afternoon—and the father is now on the casualty list. It's just another case of the son being "too much for the father." However, this feud has been a very friendly one—and the casualty came about in the course of the golf championship tournament now in progress at Red Hill County club, Bud Taylor defeating his father 2 and 1 when they met in competition on the local course. This placed Bud, one of the youngest golfers in the club, in the semi-finals—and on Sunday he battled his way to the finals by defeating another high-powered golfer, Almon Allen, 2 and 1.

There is yet one round of the semi-finals and this is between Veeder South, winner last year, and Carl Holmer. They expect to play their match tomorrow. The winner of this match will play Bud Taylor in the final rounds, which will consist of 36 holes.

Results in the Breakfast club play Sunday morning are as follows: First—J. E. Walker, W. B. West, Lloyd Dickens, R. Parsons, R. Deckman; score 95-20-75. Second—M. Frost, Art West, W. Frost, J. Pittenger; score 99-22-76. Third—N. S. Springer, W. Price, N. Conley, Wm. Springer; score 102-25-77.

Miss Betty Lee Bodenhamer of Upland is vacationing this week with Mr. and Mrs. W. H. Kegley, Chaffey faculty members, at their Laguna beach home.

Arrest of Youths Clears Up Burglary of Houses, Stores

Recent burglarizing of two local houses and two local stores has been cleared up with almost all of the stolen goods returned through the arrest by Upland police of four youths, whose ages range from 8 to 14 years.

The youths are now in the custody of the juvenile court. One of the group was on probation from the court as the result of a previous offense.

Residences of John Raney, East Ninth street, and Russell Dinger, Third avenue, were entered in the early evening a few weeks ago. The Crabtree grocery had been previously robbed of tobacco. One of the youths was caught in the act of taking gun shells from the Roy Creighton store.

This arrest led to the arrest of three other youths and the recovery of the stolen goods as well as two bicycles.

County is Near Top of List of Nation's Fruit, Grape Centers

Only two other counties in the nation produce more fruit and nuts than San Bernardino county. Five other counties in the nation produce more grapes.

This is the report from the U. S. census bureau on the basis of the 1930 crops, the last year of an official investigation and comparison.

The 1930 value of oranges, lemons and other citrus fruit and deciduous fruits and nuts was $32,021,883, with Los Angeles and Orange counties in first and second rank.

Under the grape crop returns, Fresno county led the nation with a 1930 value of $14,796,131. San Bernardino, in sixth place, had a grape crop value in that year of $1,782,600.

In the listing of the fruit and nut returns and the grape returns, California counties far outnumbered the counties in other states among the first 65. first 65.

The Pleasure of Giving and Sharing

It's less than a week until Christmas—and the nearer the day comes the more evident the Christmas spirit becomes. There are going to be a great many more Christmas gifts given than was anticipated a short time ago. There are those whom we thought we would "cut off the list" this year that we have decided to remember with something—even though it be small. The Christmas spirit is a wonderful thing! It is indeed a hardened heart that is not softened when the Christmas season comes around. The Christmas cheer overtakes most everyone before that greatest of all days rolls around. And with it comes the urge to be kind and sympathetic—it even opens the pocketbook and brings forth cash with which to buy something for those less fortunate than we, though we may not be so rich in this world's goods ourselves. Christmas programs, Christmas displays in the stores, lighted Christmas trees in the windows of the homes, Christmas music—all these and other evidences of the Christmas season bring "joy to the world" and help chase away the memory of some things which may not be so pleasant.

The following bit of Christmas sentiment we get from one of our exchanges:

What beautiful and happy things are associated with Christmas . . . holly and mistletoe . . . candles shining into the night . . . eager, happy children around the Christmas tree . . . crowds of merry shoppers . . . family reunions . . . and then the greater and bigger things . . . joy in the heart and peace and good-will toward all men.

How much of good has blessed the world through the spirit of giving that Christmas awakens in the heart . . . Since the Three Wise Men, led by the light of a gleaming star, brought their gifts of gold, frankincense and myrrh, and laid them at the feet of the Christ Child, men have been bringing unnumbered gifts of love for the sake of the same Child.

Whenever the message of Christmas has been heard . . . kindness, charity, giving, serving, have followed . . . How much of hope has been reawakened—how much of faith reborn—by the gifts of Christmas . . . Something of magic seems to touch the smallest thing that is done for others at Christmas . . . and how many of these gifts of love there are . . .

We only can dimly guess at their multitude . . . and at the hours of happiness and joy they have brought to mankind through the ages . . . But there is One who keeps count of them all . . . and One who came down to show us that the greatest happiness and peace comes to us—not through self-indulgence or ease—but from giving and sharing with others.

We can expect soon to see action by the candidates for governor. State Treasurer Chas. G. Johnson has sent a letter to newspapers and others throughout the state seeking to get their reaction toward his candidacy, and it is expected he will announce soon as a candidate to succeed Gov. Rolph. George M. Stout, secretary of the veterans welfare board, is awaiting the action of Mr. Johnson. It is understood Stout is ambitious to be governor, but with Johnson running for that office Stout will become a candidate for state treasurer. Despite the insistence that Bert B. Meek, former director of the department of public works, will not enter the race for governor, it is said that a considerable number of progressive Republicans are "plugging him for the job." Many friends of Ray L. Riley of this county, who is the state's efficient controller, are insisting that he be a candidate for governor—and it is no secret that Lieutenant Governor Merriam of Long Beach is willing to move into the office of governor and occupy it for a few years. We believe the latter two are the stronger candidates in this part of the state.

We are in favor of that proposed national law against hitch hiking. A large per cent of the men and boys—especially the boys—who are hitch hiking back and forth across the country are simply preying upon the public and living and traveling at the expense of the people in whatever community they happen to be. If there was a law against hitch hiking we would not see so many fellows out here from back east, especially in the winter. Those mooching hitch hikers are simply out for a good time and California is a mighty comfortable place for them to be during the winter. For this reason we do not believe there is going to be much decrease in the number of tramps out here this winter—there are just so many of them who have the habit and migrate to this sunny clime every winter. While this is true, we also realize there are many unfortunates throughout the country who are really seeking honest employment. However, these unfortunates should be taken care of in their own communities and not be an expense upon the people of this part of the country.

—o—

Now that California's two and a half per cent sales tax has been held constitutional, according to an opinion handed down by Judge Lemmon in Sacramento, it is expected the agitation for its repeal will cease. In fact, we do not believe there was any great amount of agitation for its repeal. People generally know that an emergency exists in financial affairs of the state and think the sales tax is a fair way in which to meet it. Judge Lemmon's opinion holds that the law is not discriminatory and is not unconstitutional because it was passed by a two-thirds mmajority of the legislature. However the ruling is held of major importance because of the fact that a series of suits were on file through which merchants of Southern California sought return of taxes paid under protest.

—o—

The depression has proved a number of things—among them being that the fellows in the millionaire class are no smarter than we fellows running the smaller businesses throughout the country. We believe there are thousands of men conducting small businesses who would be just as successful as the moneyed men if they were in the latters' position.

—o—

We read that Stanford university has a fishing course. Although we have never seen it publicised, we have always been of the opinion that all colleges and universities had "fishing" courses—in which the young ladies angle for husbands and quite frequently are successful in landing a sucker—or vice versa.

—o—

A wild cat that entered a Los Angeles night club was wounded before it escaped. A night club is no place for a wild cat—of the four-footed variety. The human specie is much more dangerous—especially the variety haunting the night clubs.

The way it usually works out is that the man who is most positive in his assertions is the one who is wrong.

Members Entre Nous Club Hold Annual Christmas Party

Gathering to enjoy their annual Christmas party, members of the Entre Nous club were guests Friday of Mrs. L. E Moser at her home on West Twenty-first street.

Assisted by her daughter, Miss Ruby Moser, the hostess served a lovely luncheon with the Christmas theme being used in all the table decorations and appointments, red berries and tall red candles lending their bright color. Poinsettias and cotoneaster sprays were utilized as the floral decorations throughout the rooms.

This was the time for the exchange of sunshine gifts, each member having and being a secret sunshine friend during the year, and following the luncheon the gifts were opened and the identity of the sunshine friend was made known, much pleasure being derived from this feature of the afternoon's entertainment. The remainder of the time was spent in merry social enjoyment, the party proving a very delightful affair.

Christmas Fund for Welfare Increased by Benefit Dance

Delighting the hearts of those who have worked so earnestly for its success, and of those who gave generous support, as well, the Christmas basket benefit dance held Saturday night at Red Hill Country club under the auspices of the Junior Welfare League, drew a very large attendance and was a most gratifying success.

The ways and means committee, Mrs. Charles Holmes chairman, supported by other members of the Welfare League, were in direct charge of plans and arrangements for the benefit dance, the outstanding welfare event of the Christmas season, and through their combined efforts 370 tickets were sold, according to incomplete reports to the treasurer, Miss Mary Norton. In addition to the sale of tickets, donations of $119.60 were received.

Mrs. Walter Welge, president of the Welfare League, Mrs. Holmes, and the other members of her committee feel the deepest gratitude for the very generous support accorded them and they desire to express publicly their sincere appreciation of all ticket purchases and donations of cash, commodities and talents.

In addition to being a success financially, the dance was a delightful social event, thoroughly enjoyed by the many scores of persons who filled the club house almost to capacity.

Lovely Christmas decorations enhanced the atmosphere of holiday festivity. Several small silvered Christmas trees sparkled in the lights and red and green streamers added their colors. The lights were shaded with red and green paper and the colored rays shown through festoons of pepper sprays laden with red berries. In large jars and baskets placed at advantageous points were choice poinsettias. All of these decorations were generously donated by merchants of the city and other friends.

During the evening little Miss Dorothy Mae Bascom, the ten-year-old niece of Mrs. A. W. Caveness, entertained with very clever song and dance numbers in costume. Dorothy Mae is a students at the Meglin studio in Los Angeles and already has displayed talents that point to a bright future. Her appearance was a much appreciated donation.

Music for the evening was provided by the Cian Foni orchestra and the guests remained until a late hour.

The ways and means committee, responsible for the success of the dance, included Mrs. Charles Holmes, chairman; Mrs. Walter Welge and Mrs. Nelson Gray, assisted by Miss Elsa Stamm and Miss Jean Baird, in charge of decorations, and Mrs. Webster Thomas, publicity chairman.

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is the best laxative for everybody. Senna is a *natural* laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.
